EDUCATION

[Macalester College](#), Saint Paul, MN

- Bachelor of Arts, May 2023
- Statistics major; Economics & Computer Science minors
- **GPA:** 3.98/4.0
- **Awards:** Dewitt Wallace Distinguished Scholarship (*merit based scholarship*), [Kaplan Prize in Data Science](#), Summa cum laude, Honors
- **Skills:** Experienced in R, SQL, Git/Github, LaTeX

EXPERIENCE

Full-time positions

- **Statistical Programmer**; Mayo Clinic (June 2023 - present)
 - Applies knowledge and techniques in data management, programming with R and SAS, statistics and bioinformatics, and workflow management to accomplish research tasks.

Research and Internships

- **Honors Independent Study** (Sep 2022-May 2023): [Statistical research paper](#) studying the relationship between crime and gentrification in the Twin Cities.
 - Methodology: Poisson generalized linear models, spatial techniques including SAR/CAR models
- **Minnesota Twins Baseball Research Fellow** (May 2022-Aug 2022): Worked as a summer intern in Player Development to analyze baseball strategy using R.
 - Methodology: Regression, GAMs, random forests, xgboost
- **Research Assistant** at Carnegie Mellon University Statistics/Data Science (June 2021-July 2021): Selected as part of a 15 person cohort for summer research in statistics and data science.
 - Completed research project [Maximizing wOBA with Launch Angle and Exit Velocity](#) in partnership with two other undergraduate students.
 - Methodology: GAMs, logistic regression, skew normal and beta distributions.

ADDITIONAL ACTIVITIES

- **Student Athlete:** Macalester Varsity Cross Country & Track and Field
- **Preceptor** (2020-2023): Provide feedback and assist students with concepts in Core Concepts in Computer Science, Intro to Data Science, Intro to Statistical Modeling, and Statistical Machine Learning.
- **Leader** of Macalester *Data Science for Social Good* student group (2021-2023)
 - Group of eight students discussing ethics of data science and machine learning and executing small data analysis projects (e.g. analyzing Macalester Sustainability data).
- **Volunteer** at *Common Pantry* of Chicago, IL (2015-present)
